Print this 'small magazines back' sheet—then following the directions for your printer, print the 'small magazines inside' sheet on the back of it. Cut the little magazines out; fold each; then with all three magazines together—and the Liahona on the top, punch a hole through the dot on the Liahona mag. Tie with a string.

On my printer, the edge of the paper that comes out of the printer first—that edge goes into the printer first, remember to flip the page over.

This no cost offer is for members, and those not members, of The Church of Jesus Christ of Latter-day Saints.
