

Notice

Date: February 29, 2008

To: General Authorities and the following leaders in the North America Southwest Area: Area Seventies, Stake and District Presidents, Directors for Temporal Affairs, Facility Managers

From: Office of the Presiding Bishopric

Subject: Broadband Internet Services in Meetinghouses

THE CHURCH OF
JESUS CHRIST
OF LATTER-DAY SAINTS

Effective February 29, 2008, stake presidents in the North America Southwest Area may authorize and fund, out of local unit budgets, broadband Internet connections for meetinghouses within their stakes. Before installing, please contact your local facility manager for instructions.

Equipment will be provided by headquarters for security and filtering. These protections alone do not completely eliminate the risks associated with the Internet. Stake and district presidents are responsible for Internet use in buildings within their boundaries.

Stake presidents, stake technology specialists and facility managers should review and implement the guidelines located at clerk.lds.org. After reviewing the these guidelines, if you have any questions please call (801-240-5857)

This notice is being distributed in English only to the North America Southwest Area. If it is needed in other languages, please contact the Area Presidency who can forward requests to the Publications and Media Project Office at Church headquarters (ext. 22933). 06820
